Dear 2021 Redistricting Committee,

Please select the Pham Map for the following reasons:

- It keeps the smaller cities along the I-280 corridor together. We live in Cupertino and our issues such as traffic are those of the west side of the peninsula.
- It's important to keep Los Gatos, the mountains and Almaden together for wildfire prevention, preparedness and emergency operations.

Please DO NOT select the Unity/Labor Map for the following reasons:

- It does not follow natural borders and roads.
- It gives too much power to San Jose and reduces the power of the smaller cities.
- Cupertino/Saratoga have different transportation issues than Fremont/Milpitas due to location. Cupertino/Saratoga do not have ANY BART. We have I-280 and Hwy 85 issues.

Please select the Pham Map.

Sincerely,
Margaret Griffin
