Hello.

My name is Werner Frei, and I am a resident of Los Gatos. I am supporting the Equal & Equitable 2.0 map in which:

- 1) Mountains, rural areas including: Los Gatos, Almaden, Gilroy, Morgan Hill, Gilroy and San Martin in District 1 are kept in the same county district map which brings balance to the overall district (mountain AND rural together)
- 2) This is especially important in times of climate change for wildfire prevention, preparedness, and emergency operations (most efficient and balanced)
- 3) This map joins communities with similar transportation systems which works well for discussions Re: environmental transportation considerations
- 4) Keeps whole city/towns together in one district (except for San Jose), which fosters a sense of community for each city/town
- 5) Appears to have similar racial voting age percentages to maps such as the most recent labeled Unity Map, which keeps equality and fairness balanced

I am opposed to the Unity map for the reasons above, I identify clearly with the Equal & Equitable 2.0 map.

Thank you for your consideration

Werner Frei
