Subject: [EXTERNAL] We oppose the Updated "Unity" Map and other maps that divide our neighborhoods!
Date: Sunday, October 24, 2021 4:29:50 PM

I am a long-time resident of South County and I identify more with Almaden and Los Gatos residents. I oppose the Updated Unity Map because I do not feel that my voice will be represented when overshadowed by the more densely populated areas of San Jose.

I am a resident of Morgan Hill and I am concerned our rural communities in the South County will be fairly or equally represented when combined with the areas of Evergreen, Communication Hill, and Cambrian in San Jose as proposed by the Unity Map.

Districts should maintain their current boundaries with minor tweaks to balance populations and unify divided communities, instead of being subjected to dramatic changes.

Sincerely,

Kathy O'Neil, Morgan Hill resident
