Hello - my husband and I are long-term residents of Los Gatos and strongly support the Commissioner Pham Equal and Equitable 2.0 and Unity Compromise Map. We feel that remaining in District 1 is in the best interests of ourselves and Los Gatos in general . We believe it's important to keep intact the areas with the most in common, especially around transportation needs, and not to break up cities into multiple districts where it isn't warranted. Much of Los Gatos shares wildfire prevention and other considerations with other less populous areas in District 1 as well. For these reasons, we encourage you to support the Commissioner Pham Equal and Equitable 2.0 and Unity Compromise Map.

Thank you,

Jeanette Belser & James Lord
