Hi,

My name is Monica Mallon and I am a resident of Cambrian Park. I am supporting the Commissioner Pham Equal & Equitable 2.0 and Unity Compromise Map (ID:69159). I think that this is a good compromise between the unity map and equal and equitable 2.0 map which I have been supporting. The benefits of the compromise map for me are that:

- It keeps most of Cambrian in one district
- It keeps Los Gatos and Almaden in District 1 instead of moving them with North County which would be bad for representation because it would be dominated by northern cities in my opinion
- It keeps cities other than San Jose together which makes it easier for residents

I am also still supportive of the Equal & Equitable 2.0 map, but I am hoping that everyone will get behind the compromise. The ID for commissioner Pham's compromise is 66950 and here is the link: https://districtr.org/edit/66950?event=santa_clara_county

Please let me know if you have any questions.

Best,
