Hello Commissioners,

Thank you for the presentations that were made at the meetings, I found the information to be very informative. The presentations provided me with additional knowledge to the districts of Santa Clara County. I thank Dolores Alvarado for her presentation of Morgan Hill, Gilroy, and San Martin. I say this for San Martin is often left out of presentations and so it was welcoming to see San Martin addressed, inclusion of all is so important. I have provided some of my thoughts that hopefully will help with making this difficult decision of redistricting. When I viewed the maps, I would draw a map to show: Coyote Valley, Edenvale, South San Jose (Blossom Area) Morgan Hill, Gilroy, and San Martin. Please keep in mind this is the fastest growing area and the most underrepresented. Los Gatos and Almaden Valley should possibly be in District 5. I have attached my feelings in answer to the questions on the form, however, I had some difficulty with editing my form, so I do apologize for the spelling and grammar errors in advance.

I have a website below that provides information on San Martin
<https://censusreporter.org/profiles/16000US0668238-san-martin-ca/>

Thank you,
Sharon Luna
San Martin Resident
Member of the San Martin Neighborhood Alliance
