18. There is to be zero congregating on deck unless you are actively watching your child. This means no lounging or sunbathing poolside, no exceptions.
Screenshot of our reservation system. This is the most important piece that keeps everything running smooth.
1. Are you open or partially open?
   Partially open

   a. Are you an essential business?
      no

   b. Are you open under an exception such as:
      i. Outdoor Business?
         Yes - Outdoor recreation
      ii. Pickup/Delivery?
         No
      iii. Curbside Retail?
         No
      iv. Food Distribution?
         No

   c. Have employees and customers cooperated with the health safety protocols?
      Yes

   d. To your knowledge, have employees or customers become infected with COVID-19?
      No

2. How many of your activities can be moved outdoors?
   All activities are outside aside from bathrooms that are cleaned after use.
4. What is your plan to acquire and distribute Personal Protective Equipment (like masks and gloves) and testing to your employees? We have gloves and masks for employees and mandate masks at all time. Gloves are mandated for any contact. We have had zero need for contact so far.

5. How can you adapt to accommodate different size gatherings that may be allowed by the Public Health officer? (Smaller gatherings are likely to be allowed before very large ones.)

Recreation pool can be split with a closed zone in between to separate small groups (<20 people) from one another. Already open for reservation by single households. As larger groups are allowed to gather we will slowly increase the number of reservations we can take. Right now it is 2 and each reservation gets half the pool and there is no interaction between households.

6. To meet the need for possible contact tracing, how would you maintain lists of employees and visitors with their contact information for contact tracing? (It is understood that lists of attendees would only be provided in the event of an infection that needed to be traced, and then only to public health personnel trained in medical confidentiality.)

Pool is open by reservation only to members of LAGCC, and only a handful of staff with be in proximity to visitors, both of which allow LAGCC to easily keep track of interactions between visitors and staff. Simply put, if you are not on the reservation form you will not be allowed in. This gives us a document with the name and time every single person has stepped foot on deck. For employees we just track their schedule.

7. In order to assist safe and productive re-opening, what are your needs relative to:
   a. Regulation?
      We have followed all county regulations that went into play as of Friday June 5.
   b. Licensure?
c. Childcare?
d. Housing?
e. Digital Inclusion?
f. Commute-Free Working?

8. If you have been opened or partially opened, what challenges have you experienced?
Education. So many new rules. The challenge is educating the members to all the nuance. Everyone so far is willing to follow along.

9. If you have been opened or partially opened, how has the community's adherence and response to the COVID health safety protocols been?

Couldn’t be better. we have been quite black and white with the rules and its work well. Some pushback in the form of grumbling members but at the end of the day they still have to comply in order to participate.
