

To the Board of Supervisors,

My name is Colin Triplett, owner of Mint Condition Fitness in Los Gatos. We are a personal training studio with only private and semi-private personal training (no more than 3 in a group).

Our studio is over 3000 sqft, and we serve no more than 15 members at a time. Over the last 3 months, we have been able to serve about half of our member online, and while this has been a life saver, we are starting to feel the financial strain of not having our doors open.

We believe we can open safely and have put together an action plan to ensure that we keep our staff and members safe. Here is our 8 step plan:

1. Limit our semi-private sessions to only 2 people ensuring that we never have more than 10 members in the studio at the same time.
2. Create stations for all members so they do not have to move around and share equipment.
3. Sanitize all equipment after every session.
4. Supply two hand washing stations and four hand sanitizer stations.
5. Keep door open and use fans to direct the air out of the studio.
6. Post signs with procedures for members.
7. Require masks for all staff and members.
8. Require gloves for all staff.

To help us prepare, we will communicate all of our policies to our members before reopening and will train our staff accordingly.

We have already had a large number of members reach out asking us to reopen and with this plan in place, I believe we can open in a way that is safe.

Thank you for listening.

All the best,  
Colin Triplett
