INDEPENDENT AUDITORS' REPORT

Board of Supervisors
County of Santa Clara

We have audited the accompanying financial schedules of the County of Santa Clara's Automobile Insurance Fraud Grant from the California Department of Insurance for the year ended June 30, 2007, as listed in the table of contents. These financial schedules are the responsibility of the County's management. Our responsibility is to express an opinion on these schedules based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and Government Auditing Standards. The auditing standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial schedules are free of material misstatements. Although we do not meet the technical definition of organizational independence in the Government Auditing Standards, there are no known professional impairments associated with this audit. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial schedules. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial schedule presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 2, the financial schedules of the County of Santa Clara's Automobile Insurance Fraud Grant are intended to present the financial activities of the County's Automobile Insurance Fraud Grant funded by the California Department of Insurance and not the financial activities of the County as a whole.

In our opinion, the schedules referred to above present fairly, in all material respects, the resources and expenditures of the County of Santa Clara's Automobile Insurance Fraud Grant funded by the California Department of Insurance for the year ended June 30, 2007.

**Notes to the Financial Schedules
Fiscal Year Ended June 30, 2007**

1. PROGRAM DESCRIPTION:

The County of Santa Clara District Attorney's Office entered into an Automobile Insurance Fraud Investigation grant agreement for the fiscal year ended June 30, 2007, with the California Department of Insurance (CDI) to provide for increased investigation of automobile insurance fraud cases. The State Insurance Commissioner makes these funds available to various District Attorneys' offices under the provisions of Section 1872.8 of the California Insurance Code.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The financial schedules include only the financial activities of the County's Automobile Insurance Fraud Grant Program and not the financial activities of the County as a whole. These schedules present the information requested by the CDI.

FUND ACCOUNTING:

The resources received and expenditures incurred have been accounted for in the General Fund of the County.

BUDGET MODIFICATIONS:

In accordance with Section 2698.66(f) of the California Code of Regulations, expenditures may differ from the initial budgeted amounts so long as the total does not exceed the total budget. There were no modifications to the budget during the year.

METHOD OF ACCOUNTING:

The financial schedules are prepared using the accrual method of accounting. Resources are recognized on the accrual basis. The total of the State's annual allocation of resources generally includes funds received both during and after the end of reporting period. As such, grant resources from the CDI for the period are included in the schedules and treated on an accrual basis even if they were received and deposited by the county after the end of the grant period. Expenditures are recognized when incurred.

3. FUNDING AMOUNTS & EXPENSE CATEGORIES:

- (a). The amounts of grant resources provided by the CDI are based on an allocation of a portion of the annual registration fees collected for each automobile registered in the state during the year. The CDI distributes to district attorneys a percentage (fixed by law at 51% for automobile) of the net assessment (after costs) collected. That portion not distributed to district attorneys is retained by the CDI for its own investigations. Because of the method of allocation, actual total allocations for the year are not known until a few months after the beginning of the fiscal year. Based on this process and on the participatory budget process between CDI and District Attorney's office, a budget application is prepared for the expected amount of allocation.
- (b). For FY 2006-2007, the CDI approved a grant award of \$600,000; there was a \$144,663 carryover balance from the previous fiscal year.
- (c). Expenditures were made for the purposes of the program as specified in Section 1872.8 of the Insurance Code, the Regulations, the guidelines in the Request for Application and the County Plan.

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL
OVER FINANCIAL REPORTING BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Supervisors
County of Santa Clara

We have audited the accompanying financial schedules of the County of Santa Clara's Automobile Insurance Fraud Grant from the California Department of Insurance, for the year ended June 30, 2007, as listed on the table of contents, and have issued our report thereon dated October 19, 2007. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the schedules are free of material misstatement, we performed tests of its compliance with certain provisions of the grants, laws, regulations, and the Department of Insurance guidelines that affect the use, amount and reporting of grant fiscal information, noncompliance with which could have a direct and material effect on the determination of the schedule amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the internal control of the District Attorney's Office over financial reporting of grant activities in order to determine our auditing procedures for the purpose of expressing our opinion on the schedules and not to

provide assurance on the internal control over the grant schedules. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level of risk the possibility that misstatements in amounts would be material in relation to the schedules being audited may occur or may not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the District Attorney's Office management and the California Department of Insurance and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.
