Conclusion The expenditures reported on the enclosed Statement of Expenditures were spent on the grant's program.

Audit Objective The audit objective was to review the District Attorney-prepared Statement of Resources and Expenditures for the Fiscal Year Ended June 30, 2013. This review confirmed the statement's reported expenditures were spent for the grant's purpose as referenced in the California Insurance Code Section 1872.83.

Audit Scope This audit's scope was limited to the California Department of Insurance (CDI) FY13 grant awarded to the County of Santa Clara District Attorney to investigate and prosecute workers compensation insurance fraud. We commenced the audit in early August and completed the fieldwork on August 28, 2013.

Audit Background The California Insurance Code Section 1872.83 established a workers compensation insurance fraud investigation and prosecution program funded by assessments levied upon employers. The California Code of Regulations' Title 10 Chapter 5 Subchapter 9 Article 3 delineates this program's conditions and requirements. This program authorizes the Insurance Commissioner to award grants to the county district attorney's offices to investigate and prosecute workers compensation insurance fraud. For FY13, the County of Santa Clara District Attorney's Office entered into a grant agreement with the CDI. The total expenditures were \$2,452,358.

Within these referenced regulations, Section 2698.59 requires these district attorneys to submit an annual report regarding the offices' workers compensation insurance fraud program. Included in this report is a required expenditure statement subject to audit. The Section permits the county Auditor-Controller to conduct the audit. This audit was conducted in conformance with the *International Standards for the Professional Practice of Internal Auditing*.
